

Rubber City Prints

Host a Printmaking Booth!

Hosting an RCP Printmaking booth helps provide experience to college-level interns and volunteers. Sponsoring the event supports your clientele and enhances the experience with an evening of on-the-go artmaking by your company paying \$5 for each clientele that wishes to make prints. By sponsoring the event you'll allow free creativity to take place, support the clientele, and expand the knowledge of printmaking to the Akron community.

RCP is a non-profit fine art print shop dedicated to Printmaking education and your support will help future generations of fine art printmakers, fine artists, students, and teachers gain the experience and support they need in this rare fine art category.
